## NORMAL SALARIES ALL PAID TO DATE

APRIL REQUISITION HAS NOT  
BEEN MADE YET.

## M. U. FUNDS \$83,000 BEHIND, SAYS HILL

State Auditor Gordon Says All Institutions Are Held Up at Least Two Months.

All salaries of the State Normal school here have been paid when due. Requisition has not been made yet for April, so it is not known just what will happen for that. No appropriations for other purposes have been allowed since the first of the year.

This information comes with interest, in view of the following charges by President A. Ross Hill of the university and the answer by State Auditor Gordon:

**University Behind \$83,000.**  
Columbia, Mo., April 25.—Dr. A. Ross Hill, president of the University of Missouri, returned tonight from St. Louis and reiterated his statement that the state treasury was bankrupt and owed the university more than \$83,000. President Hill said that a special meeting of the board of curators would be held here next Monday to consider the financial question.

"Part of the money owed the university is for regular salaries and part for agricultural extension service," said President Hill.

"Regarding the latter, the federal allowance to the university for agricultural extension is based on the assumption that the state contributes an equal amount. If the state cannot do this after the amount has been appropriated, the University of Missouri will lose its share of the Smith-Lever grant."

The university has had to draw from its own funds to pay for salaries and maintenance.

**Says State Is Bankrupt.**

"We are now about three months in arrears at the state university in the payment of salaries of the faculty," said President Hill. "In all, we are about \$86,000 behind in the payment of expenses from the general revenue fund. R. B. Price of Columbia, the treasurer of the university, has been paying our salary vouchers for the state and advancing the money on his own account."

"We might as well admit the fact. The state is bankrupt and the officials at Jefferson City are trying to conceal it, despite the statement of one of the candidates for governor at Columbia last week that the state has sufficient money to meet its necessary expenses."

"Governor Major, some time ago, asked us to curtail our expenditures within a minimum fixed by him and we have done so, but despite this, we have not been able to get money for the university when due from the state. The vouchers are not turned down by the state, but are just held up, that's all."

**"Not Exactly Facts"—Gordon.**

Jefferson City, April 26.—State Auditor John P. Gordon said today that President A. Ross Hill of the Missouri university does not state the case exactly when he says that the state treasury is months in arrears with the state institutions.

"We are behind in salaries at the university," said Gordon, "not more than two months and we are paying all as fast as we can."

"The facts are simply these," said Gordon. "The last legislature made appropriations aggregating \$16,000,000 in the face of my estimate supplied before the appropriations were made that the revenue receipts for the year 1915-1916 would not exceed \$11,500,000."

"By executive order of Governor Major all appropriations for everything except salaries at the institutions are being withheld."

"The monthly salary list of the university is about \$19,000 and that of the state normal schools aggregates about \$7,500 each. I think that we are about two months behind in the salary requisitions of all the institutions."

## WIN "SHIVERINGLY"

## MARYVILLE VICTORY 16-9

Catches by Berney Harris and Donald Hagins Features of Game—Visitors "Beefed" Empire Slightly.

The greatest impression which any spectator brought away from the Grant City-Maryville high schools game yesterday afternoon at Fed park was that it was cold. It was more chilly than the Normal's opening game with Conception early in the month.

Even the ump's will tell you that he almost froze. It was natural, therefore, that the game should be slow and full of errors. It lasted one hour and fifty minutes, but it seemed to most of the small crowd who braved the northwest wind that they had been down there all day.

We were all indebted to Berney Harris and Donald Hagins for the two bright spots of the game. Harris gave the best thrill with a hard running catch of Stephen's line drive over short. Hagins went back from short and took a nice Texas leaguer in the eighth. Since there were no other outstanding features, the box score is given, which tells the whole tale.

Grant City "beefed" considerably when the umpire ruled that there were but two strikes on Hise in the sixth. Hise singled on the next chance and scored two men. They held that it was three strikes and the side retired. Another wrangle came in the eighth when Maryville had batted around and two over. At the second out, Grant City began to come in and Maryville to go out, but every score keeper, both newspaper and official, showed that only two were down.

Grant City objected to this so much that Maryville yielded the point and the third out was credited to "ump's decision." Hagins struck one three, Van Cleve one and Stevens five.

## IT'S CLEVER PLAY BACK AND ON BENCH

"ALL-OF-A-SUDDEN PEGGY" WILL PLEASE ALL.

## EMPIRE TOMORROW NIGHT

High School Students Worked Until 1:45 Last Night, so Reporter Hasn't Seen It All Yet.

Certainly if there is anything lacking in originality and cleverness in "All-of-a-Sudden Peggy" the writer cannot conceive just what it is.

The play is full of fun, pathos and love. The last requisite makes the show, for who can surpass Clarence Cook in his inimitable love making, and Mary Carpenter as Peggy, who does not mind a bit.

Really, don'tcherknow, their acting, so naturally, shows a great deal of practice and natural ability for such delightful parts.

Miss Carpenter is quite charmingly elusive as most "Peggy's" are, and Clarence Cook, the ever persistent and determined young Englishman, gets his love and "mater" badly mixed.

However, this is not all the show. There are others; for instance, Archie of the Monocle, his "Dash it all" and "Weally, don'tcherknow," "By Jove, it is for the good of the family" is a great hit, and Claude Glass fits the part perfectly.

Then no one would ever think that William Van Cleve, the spider specialist, would fall in love, but he does. More than that, he wears his dress suit like his title, Lord Anthony Cracken-thorpe. William finally falls for Peggy's mother. Peggy falls for Jimmy; Millicent, who, by the way, is a most lovable little English lady, Mary Woodridge, falls in love with Jack.

No one will be disappointed with "All-of-a-Sudden Peggy," for it has all the interesting little climaxes of the beloved movies, from the love at first sight to the kiss on the spur of the moment. Yes, and they all marry the right man and live happy ever after.

The specialties are classy for home talent. One great surprise is in store for the audience, but we are not at liberty to tell tales out of the Empire, especially when we had to wait until 1 o'clock to get the privilege of seeing for ourselves last night.

The high school orchestra, under the directorship of Miss Dora Carpenter, will furnish the music, and one would not know it was not a "sympathy" if they were not told.

## M. U. GLEE CLUB STOP OFF

ON WAY FROM SHENANDOAH TO SAVANNAH.

Lots of Visiting by Old M. U. Students and Grads—List of Men Who Were Here Today.

We have with us for today as a little diversion the glee and mandolin clubs of the University of Missouri. They gave a concert in Shenandoah last night and are on their way to Savannah where they will appear tonight. Prof. Chester R. Murray is the director and Ray E. Miller of Savannah, manager.

G. Kenneth Teasdale of St. Louis, is president of the organization. Jerome Twichell of Kansas City, is director of the mandolin club. The quartette is composed of Mark S. Morrison of Huntsville, Frank E. Gillett, Hamilton; Lisle Wormington, Monett, and King Banks, Columbia. Charles M. Culver and John Randolph of St. Joseph, Arthur Langmeier, St. Louis, and Mr. Morrison, are the soloists.

Friendships were being renewed today, particularly of the old M. U. students and grads here both men and women. Ed Goodspeed "came hiking" to town when he heard the club was here as he was a member of the organization when in school. Following is a list of the men here today beside those already mentioned:

Glee Club: Earl M. Duffield, Chfford A. Trigg, Norman Twichell, Emmons B. Whisner, Harold Duchemin, Rudolph Eyssell, Samuel J. Hurst, Jr., Virgil C. Kline, J. T. Laten, Ben Burk, Rhinehardt Egger, Bruce McWilliams, David Banks, Robert L. Brown, Charles M. Culver, A. H. Hurley.

JUDGE W. C. ELLISON WILL CON-  
VENE COURT SATURDAY.

## TO OTHER COUNTIES SOON

Jurist is Much Tanned, With Lots of Muscle, But Thinks Nodaway Beats California.

Judge and Mrs. W. C. Ellison returned to Maryville last night from California, where they have been spending the winter. They left California last Saturday and arrived at Kansas City Monday. After a brief visit with Judge James Ellison of the Kansas City court of appeals, who is a brother of Judge Ellison, the latter and Mrs. Ellison continued their journey to St. Joseph, and from there motored to Maryville, accompanied by their son, George Robb Ellison, who met them.

Judge Ellison is very much tanned, has lost some superfluous flesh and acquired considerable muscle. He says during the greater part of his sojourn in California he walked from five to seven miles a day, in addition to taking long trips to places of interest almost daily.

Judge Ellison will call circuit court Saturday, as there are a few land sales scheduled for that day. He will go to Grant City Monday to preside at the Worth county circuit court next week. Circuit court will be held in Atchison county on May 22, and Judge Ellison will preside in that county.

He was seen by a Democrat-Forum reporter, and in answer to various questions, said that he was feeling fine and was ready to resume his work on the bench. He said:

"I am feeling fine. I haven't had such a rest in twenty years. The open air life and exercise are better than any medicine."

**Nodaway Better Land, He Says.**

He speaks of California as a land of sunshine and beautiful scenery, and says that he would not give Nodaway county for all of California that he saw. "They have an abundance of sunshine," he said, "and a large territory, and plenty of rain in the winter time, but the soil is without fertility except a few acres scattered here and there in the valleys and mountain gulches, and even in these places nothing will grow unless it is irrigated."

During all of his trips while there, he says that he did not see a hog, and that they raise no corn and scarcely enough oats and barley to feed the birds. "I have not examined the statistics," he said, "but I will venture that they would show that Nodaway county contributes more to the world's supply of hogs and cattle than the entire south half of California, and the same is true as to corn, wheat, oats and cereals."

## ELEANOR SMITH PLEASES

LETTER OF COMMENDATION FROM CHICAGO.

Conservatory Teacher Commended for Aptitude in Special Training for Kindergarten Work.

A very cordial letter of commendation of Miss Eleanor Smith has been received by Prof. P. O. Landon from Effa Ellis Perfield, in whose school Miss Smith of the Maryville Conservatory faculty is taking special work, preparatory to taking charge of a new kindergarten department here. The letter follows:

Chicago, Ill., April 25, 1916.—Mr. P. O. Landon, Maryville, Mo. Dear Mr. Landon: I am anxious to tell you how pleased I am with Miss Eleanor Smith and her work with me. She is so conscientious and reliable in every way. She is diligent and has wasted no time in covering very thoroughly my complete teaching system course. She has gained much new material and knows how to present it pedagogically. She has passed 100 per cent on the examination and I am giving her my pedagogical diploma.

I would like to appoint her as Normal teacher for my work. She will talk with you about this. Any help that I may give her or your school any time will please me very much.

## THEODORE A THORN STRIKE IS WORSE

ROOSEVELT GREATEST OF G. O. P. TROUBLES STILL.

## FORD RAMBLES ALONG TOO

William Jennings Bryan's Defeat Taken to Mean That People Are With President Wilson.

(By W. C. Van Cleave.)

Washington, D. C., April 22.—Republican leaders are having their troubles, but the greatest of these is Theodore. Just how they are going to get out of nominating him for the presidency and still retain his support is more than they have been able to figure out as yet. The colonel has very generously agreed that a very few men mentioned for the presidency will meet his approval if nominated. But the list includes only those who, like Justice Hughes, it is thought will not re-enter politics, and those who are believed not to have the ghost of a chance for the nomination. Along with the announcement of his approved list of more or less progressive men comes his exclusive dinner with the millionaires, his confidential consultations with ex-Senator Elihu Root and the announcement that if the Republicans believe him to be the man who can lead them out of the wilderness he will be waiting at the church or any place they may designate.

His case is giving the leaders much concern. They don't see how they can avoid nominating him, and they don't see any chance to elect him, if they nominate him. In the meantime the way Henry Ford has been running, solely on his reputation, is causing politicians generally to sit up and take notice and wonder whether they are going or coming.

Mr. Ford does not pretend to know or care anything about politics. He is the antithesis, so far as known, of everything the old party has been standing for. He is a free trader and a peace advocate, while the Republicans have been preparing to make a tremendous stand for the restoration of protection and special privileges. With Theodore breathing war and defiance from every nostril, the spectacle of Henry Ford, the peace at any price advocate, running, over his own protest, ahead of such seasoned politicians as William Alden Smith in Michigan and alongside of Senator Cummings in Nebraska is an unusual and peculiar one. They say also that if he allows his name to go on the ballot in Pennsylvania he is sure to carry this stronghold of Penrose, Oliver and high tariff. It shows most certainly an extraordinarily unsettled state of mind among Republicans.

While Mr. Ford, although not a candidate, ran with the leaders on the Republican ticket in Nebraska, Mr. William J. Bryan, holding the same views as to peace, seems to have been lost in the shuffle and to have been denied the privilege of sitting in the national Democratic convention at St. Louis. This presents a good field for speculation among politicians. Whatever may be the causes, it is the hardest jolt Mr. Bryan has yet received from a political standpoint, and will weaken his position and influence throughout the

Sinn Feiners Leading Political Riots, in Which 11 Have Been Killed—Other War News of Today.

Special to The Democrat-Forum.  
London, April 26.—Martial law has been declared in Dublin and throughout greater part of southern Ireland as a result of the uprising. Heavy bodies of troops supported by machine guns have been hurried into the danger zone.

Eleven persons were killed and twenty others injured in rioting caused by Irish rebels who sought to capture the city of Dublin, it was officially announced today at the war office.

During the height of the disturbance, the rebels gained control of several parts of the city. The government claims to have the situation well in hand.

**Many Troops in Ireland.**

London, April 26.—Troops are being sent to Ireland from England to put down the uprising which began with the rioting by the Sinn Feiners in Dublin Monday, Premier Asquith announced in the house of commons this afternoon. The forces are moved into southern Ireland from Belfast under martial law, which has been declared throughout the country.

**Aerial Combats in Greece.**

Saloniki, April 26.—French aeroplanes today fought an aerial combat with the German air squadron near Monastir. Three Teuton machines were brought down. Another French aeroplane detachment bombarded German positions in the vicinity of Doiran and Givgell.

**French Victories in Air.**

Paris, April 26.—French aeroplanes were very victorious in the conflicts Tuesday with the German air and sea forces on the coast of Belgium, the war office announced today. One of the aeroplanes dropped bombs on a Zeppelin at Zeebrugge, while another attacked a German torpedo destroyer at Ostend.

Violent bombardments took place all along the Verdun front last night but there was no infantry action according to the war office reports today. The communique states that an artillery duel most intense in character is in progress on Hill Number Three Hundred and Four and along the river Meuse.

## What Others Believe

## THE LETTER "E"

The opinion has been advanced that the letter "e" is the most unfortunate letter in the English alphabet, because it is always out of cash, forever in debt, never out of danger and in hell all the time. It is fortunate in that it is never in war and always in peace. It is the beginning of existence, the commencement of ease and the end of trouble. Without it there would be no meat, no life and no heaven. It is the center of honesty and makes love perfect. It also starts off in error, and printing, publishing, typography and lithography can get along without it, although it is necessary in electrotyping, engraving and typefounding. It is the beginning and end of editorial existence.—American Printer.

## NEWS FROM ALL Northwest Missouri

Ray county is likely to have a county fair this year, says the Missourian—the first since 1873.

An Albany butcher addressing his patrons through the columns of the Capital says: "Pay your meat bill weekly or down goes the lid and it will be spot cash."

The Princeton Post records the death of Mrs. Elizabeth Lindsay, of that city, at the age of 85 years. She had been a continuous resident of Princeton for 61 years.

The Bethany Republican tells of an old fashioned egg roast at the O. P. Tilley home near that city the day before Easter. The entire community was invited to take part.

On April 22 the Harrison county women's association held a sale of dahlia, canna, tuberose, and gladiolus bulbs at Bethany at which large quantities of these bulbs were distributed at cost.

S. E. Speakman, a blind man of Rock Port, with the assistance of his wife, raises 100,000 sweet potato, cabbage and tomato plants every spring on his 80-foot town lot, says the Atchison County Mail.

B. D. Daulton, a farmer living near Fairfax, is going to try bean raising this year, according to the Forum. He has recently bought 20 bushels of navy beans from a Michigan grower and will plant 40 acres to this crop.

The Tarkio Avalanche tells of the death of James Shoecraft, Sr., one of Atchison county's pioneers, on April 14. He was ninety years of age and had spent more than half his lifetime in Atchison county, having settled on the open prairie, near York, in 1870.

A little baby girl back in Indiana has the distinction of having five great-grandparents, four grandparents living. Dr. J. G. Scott of Princeton, Mo., is one of the five great-grandparents of this little miss, who is Thelma Van Metre of Newcastle, Ind.

After a lapse of three months or so the sale of European cavalry horses at Lathrop is again becoming active. The Burlington railroad just put on a third operator at the Lathrop station, bringing the force up to the same numbers as during the busy season last year, says the Optimist.

At a barbecue, accompanying the sale of a new town lot addition at Lathrop, last week, six 125-pound shoats and 150 loaves of bread were made into sandwiches and distributed to the hungry public. Forty-two 40-foot and 50-foot lots were sold at prices ranging from \$40 to \$200.

At the Ogg school near Richmond all of the eight pupils, most of whom are boys, have quit school. And while the eight children assist at home with the spring work, the teacher comes to the school house each day to preside over the empty seats, finish her 8-months' contract and claim her salary.

Andrew Gladston, a 16-year-old boy, was practicing a shooting part in a school play at the Peddler school in Worth county, last week, when his revolver was discharged accidentally and the paper wad, which had been substituted for the bullet, was blown into the palm of his hand, making a very painful and dangerous wound.

Willard Ward of Grant City, was held up and robbed and left unconscious in an alley off Sixth street in St. Joseph, last Saturday night, says the Worth County Tribune. Mr. Ward was en route for Kansas City to attend the funeral of his mother-in-law. The Tribune makes this comment: "And what they say at St. Joseph police"

commissioners have the lid on the 'friskers.'"

The city council of Oregon let the contracts last week for the construction of twelve blocks of paving. The streets on three sides of the square and five blocks on Nodaway street will be paved with asphaltum on concrete base, the contract being awarded to the Jaicks Paving Co. of Kansas City at \$1.70 a square yard. Four blocks on Washington street, connecting the square with the Interurban depot will be paved with macadam at \$1.27 a square yard by the Reinhardt Co., of St. Joseph.

Princeton's water supply was shut off for several days recently by a very peculiar circumstance. Unknown thieves climbed the poles that support the heavy transmission line connecting the power house with the pumping station at the river, and cut out 160 pounds of heavy copper wire. There was no similar wire, heavy enough to carry the current, nearer than Kansas City, and the pumps were idle until a supply could be brought from that city. The stolen wire was worth about \$30.

Harrison county's proposed bond issue for the construction of a new court house at Bethany was defeated at the election last Tuesday by a vote of 1439 for and 2358 against. The same proposition was defeated four years ago by a majority of 1692, so that the Harrison county boosters are much encouraged in having reduced the lead of the opposition to 919. "The next time we will get across the deadline," says the Bethany Republican, "and it will not be four years hence, either."

Anna Davison, an 8-year-old King City girl, recently lost her eyesight, as a result of two severe falls—one down the cellar steps and the other on the ice last winter. She first complained of her eyes about two weeks ago, says the King City Chronicle. She was taken out of school and one evening she asked that the lights be turned on, as it was getting so dark. But the lights didn't help, the child was blind, and a specialist, to whom she was immediately taken, pronounced the optic nerve already practically dead.

"Business Man's Mistake" Subject. The subject of the Rev. C. Emerson Miller at the revival meetings at the Christian church tonight will be "A Business Man's Mistake."

Mrs. L. W. Ford returned last night from Columbia, Mo., where she was the guest of her daughter, Miss Mary Ford.

## KIRKSVILLE HERE TOMORROW

Ed Adams Will Replace Wood Adams in center field, With Rest of Bearcat Line-Up the Same.

Kirksville normals played William Jewell Monday, Missouri Wesleyan yesterday, and Tarkio today. They will arrive in Maryville tomorrow morning for the last game of their trip with the State Normal school here tomorrow afternoon. The game will start at 3:30 o'clock on Normal field.

The same Normal line-up will start the game as usual, except in center field. This will be filled by an Adams, but by Ed instead of Wood. Prof. E. R. Adams of Guilford finished his work there last week and entered the Normal Tuesday, thereby ceasing to be "Prof." and becoming just "Ed" again. Wood Adams, former center fielder, has left school.

Cleve J. Funk will umpire the game. The visitors have shown strength from the beginning of the season and a good game will be given the rooters.

This will be the first time that the Kirksville team has played in Maryville. They are going great, as is shown by their 5-0 victory over William Jewell yesterday, and 7-5 against Missouri Wesleyan Monday. Neff and Petree were the Kirksville battery at Liberty.

## CHILD'S MATINEE SATURDAY

One of Films Shown at Empire Theater With Chimpanzees—"School Bells" Chief Attraction.

The Empire theater will give a special children's matinee Saturday afternoon, under the supervision of the teachers of the public schools. They will show "School Bells," taken from Charles K. Harris' song of the same title. Beulah Poynter and Arthur Donaldson will play opposite in this lovely film, depicting childhood.

A film will be shown where all the actors and actresses will be real chimpanzees. This is one of the new "stunts" in motion pictures, which will not only prove interesting to children but to the grown-ups as well. The chimpanzees will enact a comedy drama in a most human way.

SADDLE HORSE PRIZE WINNER  
SOLD TO MEXICO, MO., MAN.

## OTHER NEWS AT GUILFORD

Prof. E. R. Adams Elected for Another Year—Town and School Boards Reorganize.

E. E. Culver, living a mile east of Guilford, sold Rex Carver No. 6006, his famous saddle horse, at the Mexico, Mo., sale of saddle horses recently. The horse brought the top price, \$355, in the junior division. He is a 4-year-old bay gelding.

Mr. Carver showed him at twenty-seven shows and he always took money. At the Maryville show he won first money in his class. A man at Pittsburgh, Pa., purchased him and will show him at the big eastern shows this year, including Madison Square, New York.

## Carl Wray on Board.

The town board of Guilford met last night for organization. The members-elect present were: S. C. Job, Ira Noland, S. L. Henderson and E. C. Starlin. C. C. Reynolds was elected to the board but refused to qualify and Carl Wray was elected to take his place.

## Adams Again Principal.

The school board will meet Wednesday evening, May 3, to elect the teachers for the intermediate and primary rooms. E. R. Adams has been re-elected principal and Maurice White was elected to teach the grammar grades.

The public schools closed Friday afternoon. The graduating exercises were held Friday evening at the Methodist church. The Rev. Lewis M. Hale, pastor of the Baptist church of Maryville, made the address. A large crowd attended and were well pleased with Mr. Hale.

The members of the graduating class gave "Mrs. Briggs of the Poultry Yard" at Hocker hall Saturday night. About twenty-five young people from Barnard attended. They played to a capacity house. The proceeds were \$74.10. Miss Laveta McClanahan as Mrs. Briggs was the hit of the evening. She was supported by a strong cast and the play was unusually well acted.

The ladies of the Christian church held their annual Easter sale dinner and supper in the Weatherman building Saturday. The affair was very successful.

The ladies of the South Methodist church of Barnard are publishing a cook book of favorite recipes.

Prof. John Whiteford of St. Joseph, a former resident of Guilford, attended the play as the guest of his brother Hugh and sister, Miss Blanche.

## Such tobacco enjoyment

as you never thought could be is yours to command quick as you buy some Prince Albert and fire-up a pipe or a home-made cigarette!

Prince Albert gives you every tobacco satisfaction your smoke-appetite ever hankered for. That's because it's made by a patented process that cuts out bite and parch! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

# PRINCE ALBERT

the national joy smoke

has a flavor as different as it is delightful. You never tasted the like of it! And that isn't strange, either.

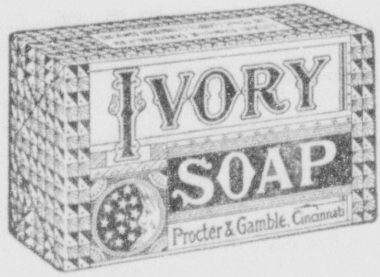

Buy Prince Albert everywhere tobacco is sold in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin ham-dors—and that corking fine pound crystal-glass ham-dor with sponge-moistener top that keeps the tobacco in such clever trim—always!

Men who think they can't smoke a pipe or roll a cigarette can smoke and will smoke if they use Prince Albert. And smokers who have not yet given P. A. a try-out certainly have a big surprise and a lot of enjoyment coming their way as soon as they invest in a supply. Prince Albert tobacco will tell its own story!

### MILLION DOLLAR CHURCH AGE

General Secretary of Laymen's Movement Says Men Are Now Thinking in Big Terms.

Special to The Democrat-Forum.

Washington, April 26.—The church has come to the era of million dollar gifts, William B. Millar, general secretary of the laymen's missionary movement, declared in his report of the first ten years' of the movement's existence before the national missionary congress here yesterday evening.

"A few years ago it would have been almost unthinkable for an individual to put a million dollars into a single gift for the missionary and benevolent work of the church," he said.

"Single denominations ten years ago would scarcely have planned to raise five millions at one time. It was unheard of for a single individual to assume the expense for a large portion of territory in the mission

field, but all of this has taken place in the last few years of this decade.

"This is a million dollar age, and the church is now thinking in those terms."

In 1915, he continued, the United States and Canada gave \$18,733,290 for foreign missions, compared with \$8,129,725 in 1905, the year before the laymen's movement came into being. The gain during the last decade has been greater than during the previous nine decades.

Mrs. Mary Herron was appointed administratrix of the estate of her husband, John Herron, who died April 16.

## ROACH SCHOOL MAN

DEAN CHARTERS COMPLIMENTS  
SECRETARY OF STATE.

### FALSE STORIES SPREAD

Candidate for Governor Says Opponents Are Trying to Injure Him on That Issue.

Cornelius Roach, now candidate for governor, when a boy attended a one-room rural school two miles from home until he had finished the eighth grade. He rode horseback, morning and evening, seven miles from his father's farm to the county seat to procure his high school training. On graduating therefrom, he taught a country school for two years, a village school for two years, and then was principal for four years of the high school from which he graduated.

He served for several years as member of the board of education at Carthage. While a member, largely through his influence and the aggressiveness of the Carthage Daily Democrat, which he owned and edited, a bond issue of \$105,000.00 for the construction of a modern high school was voted in a town of less than ten thousand people. Out of this high school two of his oldest children graduated, one never having been absent or tardy from the day she entered the primary till she graduated from the high school.

Shortly after his election as Secretary of State, he was made chairman of a citizens' committee in Jefferson City to conduct a campaign for the issuing of bonds with which to erect a \$75,000.00 high school, that amount being the maximum of the school district's bond issuing power. A proposition for bonds of half this amount had twice been defeated, but under the aggressive and energetic leadership for better schools the \$75,000.00 proposition was carried to success by more than a five to one vote. Out of this high school two of his children have graduated, two are taking the high school course, one will graduate next year and another will enter as a freshman.

**Children All in School.**  
His two oldest children have finished courses at the state university in Columbia, a third is now a junior there, and next year another will enter the university.

If there is a man in Missouri any more thoroughly identified with the public schools than Secretary of State Cornelius Roach, or who has done any more for them than he, an account of his efforts would make interesting reading.

One of Missouri's most prominent educators, a recognized authority on educational matters and problems, writes as follows:

"My experience with you (Mr. Roach) in the county superintendent's meetings and elsewhere has led me to see that you have a better hold upon the problems of the schools of Missouri than has any other man whom I know. I have stated this fact to school people upon a good many occasions, and I shall do so in the future."

## Throat Weakened by Diphtheria Daughter Caught Cold Easily

**St. Joseph Lady Tries Vap-O-Rub—Now Doesn't Like to be Without It.**

This is one of a series of one hundred advertisements, each ad embodying letters from different Missouri Women from all over the State. Last winter, in order to try out this new preparation, each lady was given, by her druggist, a complimentary jar of Vap-O-Rub, on condition that it be given a thorough trial. These letters are their reports. We will pay the sum of \$100.00 to any person proving that any of these letters are not genuine.

Mrs. Sam House, 1206 Prospect Ave., St. Joseph, Mo., has a message for all those mothers whose little folks catch cold easily, or are subject to croupy spells. C. J. Schencker & Co., Druggists, sent Mrs. House a complimentary jar of Vap-O-Rub last winter, with the request that she give it a thorough trial. Mrs. House reports as follows:

"My little daughter had Diphtheria last fall, and now every little cold she takes settles in her throat. We have thought twice she was going to have Diphtheria again,

but during one of her bad spells my druggist sent me a package of Vap-O-Rub. I used it for four nights on her throat, and got such good results that now I don't like to be without it. I have used it for myself and husband for bad colds, and found it just fine."

The way to keep the family free from colds is to keep the windows wide open at night, so that plenty of fresh air can circulate in the bedroom. Then whenever they show the first signs of a cold, rub Vap-O-Rub well over the throat and chest and cover with a warm flannel cloth. Leave the covering loose around the neck, as the heat of the body releases the ingredients in the form of vapors. These soothing antiseptic vapors are breathed in with each breath, all night long through the air passages to the lungs, and at the same time Vap-O-Rub is absorbed through and stimulates the skin, aiding the vapors inhaled to break up the congestion. The next morning the phlegm is loosened and the soreness gone from the lungs.

Vick's can be had at all first class drug stores in three sizes, 25c, 50c or \$1.00—or we will gladly send a sample free on request. The Vick Chemical Company, Greensboro, N. C.

It means first that the people are with the president. It also shows that Mr. Bryan's fickleness toward former friends has brought its inevitable results. It is evident that he overestimated his strength and allowed himself to become the victim of a situation that he might well have avoided. William J. was running for delegate at large to the national convention and brother Charles was running for gov-

ernor. William J. was opposed to the renomination of Senator Hitchcock, and both undertook to carry through a "dry" ticket against the "wets." This, taken altogether, was a tremendous undertaking and decidedly too much for a single family to accomplish in a single year. William J. Bryan is not a "dead one." He is a great force individually. He likes a fight and will likely be heard from for many a day to come, but as a national power his sun has been very much dimmed.

**WAS WITH ATTACKED GIRL**

Believed Fred Bissel, Topeka Degenerate, Will Confess Fully Murder of 10-Year-Old Girl.

Special to The Democrat-Forum.  
Topeka, April 26.—Fred Bissel, 27 years old, a degenerate, admitted he was with 10-year-old Edna Dinsmore yesterday to within three blocks of the vacant house where her body was found. It is expected he will make a full confession before night. Bissel had been arrested while the fire was in progress, but was released, as no evidence against him was in possession of the police at that time. Bissel once served a term in the Boys' Industrial school here, charged with an attack on a girl, when he lived with his parents in Marshall county.

The little girl left an East Side bakery, where her mother worked, at 8 o'clock yesterday morning for school and three hours later, firemen who were called to extinguish a fire in a vacant house at Fifth and Taylor streets, found her body in the basement. The police said that the child had been criminally assaulted and then choked to death.

More than twenty Odd Fellows came down from Hopkins last night for the celebration of the ninety-seventh anniversary of the order here. They announced last night that they were coming down in two weeks, or May 9, with their entire lodge and several candidates for the conferring of several degrees.

Other lodges represented last night were: College Springs, Pickering, Quitman, Council Bluffs, Cameron, Graham, Wilcox, Burlington Junction, Elmo, Ravenwood and Barnard. Short talks were made by one from each lodge during the order of business when "talks for the good of the order" were called for.

About a hundred gathered in the I. O. O. F. hall. After the degree work and regular lodge proceedings, refreshments were served and a general social time enjoyed. Guilford lodge has requested unofficially that they be permitted to use the hall for conferring some advanced degrees here soon. They also will bring their entire lodge.

One-half cup butter; 1 1/2 cups granulated sugar; 3/4 cup milk; 2 cups flour; 2 level teaspoonsful K C Baking Powder; 1 cup of nut meats chopped fine; whites of 4 eggs, beaten dry.

Sift flour and baking powder together, three times. Cream the butter, add the sugar; then alternately, the milk and the flour mixture; lastly the whites of eggs and the nut meats. Bake in a sheet in a shallow pan thirty or forty minutes. When cold cover with the icing and decorate with whole nut meats.

This is also an excellent white cake recipe when nuts are omitted.

**Chocolate Icing**

One cup granulated sugar; 1/2 ounce chocolate; white of 1 egg, beaten dry; 1/2 teaspoonful vanilla extract; 1/4 cup water.

Stir the sugar, chocolate and water until the mixture boils; cover and let boil three minutes. Uncover and let boil till when tested in cold water a soft ball may be formed; beat into the white of egg, then beat until cold, add vanilla.

The nut caramel frosting given on page forty of the K C Cook's Book may be used in place of the chocolate frosting, if desired. A copy of the Cook's Book, handsomely illustrated in 9 colors, will be mailed free, if you will send the colored certificate packed in 25-cent cans of K C Baking Powder to the JACOBS MFG. CO., Chicago.

**MATINEE FOR M. C. STUDENTS.**

Time Hung Heavy on Hands of Glee Club Visitors.

After the University of Missouri students had walked the city down from the fair grounds to the Normal (and had flirted with all the girls who were eligible), time hung heavy on their hands until the 4:44 Burlington. So James Ellis, manager of the Fern theater, came to the rescue, and a special afternoon matinee was given for them. Bessie Bariscale in "Honor's Altar," the regular evening feature for tonight, was shown.

**SALINE LAXATIVE**  
Even when the lanes of travel are unobstructed by war, only a comparatively few people can afford the luxury of a visit to the famous European watering places for treatment for their rheumatism, gout, stomach, liver and intestinal disorders due to an excess of uric acid in the system; but everybody can easily afford to take this effective, effervescent laxative, the formula of which is based upon the analysis of the best European mineral waters.  
We strongly recommend this excellent preparation as being extremely helpful in any of the above named conditions. Money back if desired.

Massachusetts and New Jersey Turn Roosevelt Down on Straight Issue—Scattering Votes in Ohio.

Special to The Democrat-Forum.  
Washington, April 26.—Returns from every state in which a primary was held yesterday indicate that former President Theodore Roosevelt was defeated overwhelmingly. In Massachusetts anti-Roosevelt delegates are leading by thousands, Teddy's men losing Boston by 3,000.

The unpledged candidates in New Jersey were successful over those who declared for Roosevelt. New Mexico sends an uninstrusted delegation, but five or six are said to be for the former president. Only scattering votes for Roosevelt were cast in Ohio, Burton carrying the state.

Mrs. J. H. Turner and son of Red Oak, Ia., are the guests of the former's mother, Mrs. Catherine Woods, for several days.

Lewis DeHart of St. Joseph was in the city today.

The future of the Horse Business looks very bright. "Good Draft horses were never higher in the history of the trade," says the BREEDERS GAZETTE, of April 6, 1916.

We have at the head of our breeding establishment, the very best in blood lines, including the well-known CHAMPION PHENIX. He is not only a great bred one, but has the size, conformation, action, quality, finish and real Equine Character. (Horses have character as well as men), and no horse has a cleaner or more pronounced individuality. But this is not all. He is a "GREAT SIRE" and has honestly acquired such title on his OWN merits.

He and his good sons and daughters went to the big shows six years ago, for the first time, and from that time on up to and including last fall at the State Fair, he has been Champion Sire each and every time a group of his colts have been shown. He is therefore, in a class by himself, as MISSOURI'S GREAT-EST DRAFT HORSE SIRE. (In fact, other states have also been constantly in competition). PHENIX and his colts have won more Champion Gold Medals and Blue Ribbons at such shows as the Great AMERICAN ROYAL, STATE AND INTER-STATE FAIRS, than any Missouri Sire, living or dead. Should there be a "doubting Thomas," we will be glad to show you a lot of Gold Medals and Printed Official Purple and Blue Ribbons from each of the shows.

**IMPORTED KROISEUR** is a big, black horse, weighing over 2,200 pounds, yet he has speed and action like a Hackney. He is a very thick, drafty type. Note the blood lines and ask yourself the question: Could ANY Percheron be better bred? He was sired by CARNOT \$40,000 Champion of France and America, KROISEUR's dam is a line bred Brilliant of the most approved strains. While he has had very little show experience himself, KROISEUR was a State Fair winner last fall, and I expect HIM to show himself a great sire, eventually.

The services of these horses are being had at a fee very little in excess of the very ordinary horse, and it is, indeed, a well demonstrated fact, that a good sire adds very largely to the mare's value as a producer.

Mares are shipped here each year from distant localities, to be mated with the horse at "SOUTH PARK," by parties who KNOW and APPRECIATE the value of good breeding.

We have other well bred Percheron Stallions and also Standards and Shetlands, at reasonable fees. A circular will be mailed or handed you on request. We also have young stock for sale.
